"WHEN WIND AND WATER SPEAK" -Ground Zero Hurricane Museum commemorates 14th anniversary of Hurricane Katrina and presents new exhibit

BY CASSANDRA FAVRE
STAFF WRITER

The Ground Zero Hurricane Museum in Waveland on Thursday hosted its annual prayer service to remember the lives lost during 2005's Hurricane Katrina.

Museum director Linda Aiavolasiti said the purpose of the museum is to "educate visitors about hurricanes in general and to show the resilience of our coastal community."

In 2018, more than 3,300 people visited the museum, she said. But as of August 2019, there have already been more than 3,000 visitors.

Aiavolasiti said the majority of visitors are from out of state or out of the country.

"Most of them were not aware of the devastation Katrina created here in Waveland and along the Mississippi Gulf Coast," Aiavolasiti said. "The pic-

Mollere shared his Katrina experience for the museum's new exhibit "When Wind and Water Speak — The Voices of Katrina."

tures and the exhibits in the museum do leave a lasting impression. Today, we are previewing our newest exhibit, "When Wind and Water Speak — the Voices of Katrina."

The video is a compilation of interviews from local residents telling their stories about Katrina, she said.

The video was made

possible by a grant from the Mississippi Gulf Coast Heritage Foundation, grant writer and museum board member Donna Martin said.

Jeff Rosenberg, preservation coordinator with the Office of Restoration and Resiliency at the Department of Marine Resources, said that heritage areas are designated

by Congress that have a cohesive natural and cultural connection.

There are 55 designated areas throughout the United States, he said. The lower six Mississippi counties were designated in 2004.

"That was a huge help," Rosenberg said. "We were

Waveland hosts ribbon cuttings for new dog park and town green

BY CASSANDRA FAVRE
STAFF WRITER

The city of Waveland on Wednesday hosted two ribbon cuttings; one at the city's new Bark Park and the Town Green.

Waveland Mayor Mike Smith said that he was "real excited" about the addition of the dog park.

He said that residents have requested the amenity for at least the past two years.

The park was paid for utilizing grant funds, Smith said.

Dr. Barbara Coatney, assistant project director with Hancock County Retired and Senior Volunteer Program (RSVP), wrote the grant for the city, he said.

The city was awarded \$14,000 from the Gulf Coast Community Foundation, which paid for everything, except for the water fountains, Smith said.

The dog park is located adjacent to the softball field on Central Avenue.

The park features waste stations, exercise equipment for dogs, and two separate parks for

Photo by Cassandra Favre

The youngest guests at Wednesday's ribbon cutting enjoying the dog park.

small and large dogs. There are also shaded areas with benches and a non-working fire hydrant.

The dog park's listed hours are 7 a.m. to 8 p.m. and the park is closed the first Wednesday of each month for maintenance.

"We're excited to add another attraction to enhance the quality of life for the residents of Waveland," Smith said.

He said that the city is also looking into the pos-

sibility of adding a dog park in the annexed/Shoreline Park area.

Regina Thompson and her two-year-old Siberian Husky Maui attended Wednesday's ribbon cutting.

"We've been waiting for this," she said. "I don't like taking him (Maui) to the beach. It's a good place for the dogs to socialize."

After the ribbon cut-

ting at the dog park, the city hosted another ribbon cutting at the Town Green on Coleman Avenue.

Smith said the project is something the board decided to do. He added that Diamondhead Councilwoman Nancy Depreo helped him design the space.

It is located at the site of the temporary government complex after

REPUBLICAN RUNOFF 2019

Kendra Necaise wins for circuit clerk; Moran and Brian Necaise win justice court judge nominations

Photo submitted

Kendra "KK" Necaise (front center) after winning the circuit clerk's race.

BY GEOFF BELCHER
NEWS EDITOR

Although there were far fewer candidates on Tuesday night, the tension at the Hancock County Courthouse was nearly as thick as the votes were tallied for the Republican runoff as it was for the 2019 primary election earlier this month.

In what may have been the most hotly-contested

race of the evening, long-time deputy circuit clerk Kendra "KK" Necaise won the right to succeed outgoing Circuit Clerk Karen Ladner Ruhr, earning 4,365 votes to Tammy Garber's 3,139, in official totals.

"My family and I are overwhelmed by the support that I've been shown throughout this campaign," Necaise said after

Hurricane Katrina, Smith said.

Lowe's donated the lumber for the gazebo and the Hubbard family donated the fountain, Smith said.

At the beginning of summer, several teenaged volunteers from Tennessee completed a variety of beautification projects in Waveland including planting sod, painting the gazebo, and planting foliage at the Town Green.

The space is open to the public and can be used on a first-come first-serve basis,

Smith said. However, if someone wants to secure the space, he or she can contact staff at city hall.

After the ribbon cutting, Waveland native Tabitha Eryn performed some of her original songs underneath the gazebo.

Smith said he envisions hosting events on the Town Green such as outdoor concerts and creating a "Christmas wonderland" during the holiday season.

"That's what I see, a place for people to relax and have a good time," Smith said.

An American TEEN IN PARIS

In the summer of 2000, my family took part in a fantastic once-in-a-lifetime trip to several cities in England and a brief stay in Paris. In the first two installments of this column, I recalled the first part of the vacation in London and the English countryside. I was excited to visit England, and I enjoyed our stay there very much; now it was time to experience a culture where we didn't speak the language. This part of the trip turned out to be my favorite for several reasons.

First of all, the journey to Paris from London was especially memorable. We boarded the TGV in London at Victoria Station. TGV stands for "train à grande vitesse" or high-speed train, which travels over 300 km/h or over 180 mph. Our particular route took us from Victoria Station in London, to the English Channel, underwater through the 31 mile Channel Tunnel or "Chunnel," up on dry land again in Calais, France and then to the Gare du Nord train station in Paris. If I recall correctly, the entire trip was around four hours with the journey underneath the English Channel lasting about 15-30 minutes.

Upon disembarking from the train, the realization that we were far from the familiar comforts of home and the English language for the most part came over us. It didn't take long before we began to get our bearings and take in the wonderful aspects of the City of Lights. The problem of being unable to communicate with the local people was improved a little by my brother's and my ability to speak a little French, which we had learned the previous school year. It may have not been much and we had to repeat ourselves several times, but the French turned out to be very understanding and appreciative of our attempts at communication. In fact, I don't recall a single incident where we encountered a stereotypical "rude" French person.

Very much a fan of museums and history, no matter what kind, I found myself giddy with excitement that the coming days were filled with museum visit after museum visit and landmark after landmark. We first visited the Louvre, perhaps the world's most famous art museum. We viewed magnificent works of art like the Venus de Milo and the Victory of Samothrace. Of course, we viewed the, arguably, most famous painting in history, the Mona Lisa, or La Gioconda as it is known by the French. The Italian name of the painting is La Gioconda, which means "happy one," which is a reference obviously to the female figure's enigmatic smile. After staring at the sixteenth century work by Leonardo, I was delighted that she appeared to wink at me, an optical illusion that happens as one concentrates on the figure's face. The Louvre was also an architectural marvel, including the iconic glass pyramid entrance designed by Chinese-

Wicker Spearheads Ole Miss Tech Summit

Leaders Gather in Oxford to Discuss Technology, Connectivity, and Innovation

The annual Ole Miss Technology Summit, which took place in Oxford at the end of August, brings together leaders to discuss how science, technology, and innovation are shaping our state and nation's future. I was a part of the inaugural event in 2016, and I have spoken at each successive meeting. The fourth summit was the largest and most impressive yet, and I was glad to join this time in my role as chairman of the Senate Commerce Committee.

This Tech Summit brought Federal Communications Commission (FCC) Chairman Ajit Pai, senior executives from companies like Comcast, NBC, DISH Network, and Google, and Ole Miss's top researchers into the

same room so that we could understand the challenges and opportunities ahead.

Mississippi has played an essential and historic role in technological

From the Senate

U.S. Senator

progress, as I detailed in my remarks. The red glare of the Apollo 11 rocket engine that sent three men to the Moon in 1969 and transfixed hun-

dreds of millions of people was first seen at Stennis Space Center in Hancock County, where the Saturn V was tested.

TECHNOLOGY'S PROMISE

Ensuring that the promises of technology and connectivity are available to every American is among my top priorities. It starts with creating an economic environment where private companies work to close the digital divide between rural and urban areas. The day before the Tech Summit, Chairman Pai and I were in Fulton, Mississippi, to participate in a groundbreaking ceremony for Fulton Telephone Company's "Fiber to the Home Initiative." We helped test this new, high-speed connection, and it was a pleasure to witness a small part of the divide close before our eyes.

Furthering this effort requires Congress to work with the FCC to understand where broadband is available and where it is not. The maps the agency has been planning to use for this were based on sometimes faulty data, which would have resulted in overbuilding in some areas and no connectivity at all in others. The Commerce Committee recently passed legislation I sponsored called the Broadband Deployment Accuracy and Technological Availability Act, which would require the FCC to improve its maps and provide the incentives to collect better data about broadband availability. The FCC understands this is a problem, and Chairman Pai is taking action through a

Opening Morganza Floodway in Conjunction with the Bonnet Carré Spillway Necessary to the Future of the Mississippi Sound and Mississippi's One Coast

Last week, our Agency and the Department of Marine Resources, testified before the Mississippi River Commission on their annual Low-Water Inspection Trip. The Mississippi Coast has been devastated this year, effects which are sure to last for years to come, due to the repeated large volume opening of the Bonnet Carré Spillway. The entire testimony is on our website (www.sos.ms.gov).

We asked the Commission to study the operation of the Bonnet Carré Spillway in conjunction with the Morganza Floodway. We also asked that a separate Environmental Impact Study be conducted to include the effects of freshwater intrusion into the

Guest Column
by **Secretary of State Delbert Hosemann**

Mississippi Sound.

It is our position the Commission and the U.S. Army Corps of Engineers have the authority and flexibility to regulate the discharge of sediment laden water to both the east

and the west sides of the Mississippi River under the 1928 Flood Control Act and subsequent acts and regulations.

The State recognizes the Corps is managing a significant historic flooding event and also recognizes the Corps must operate the Mississippi River Valley for the good of every citizen. However, we believe the Morganza Floodway can be operated in unison with the Bonnet Carré Spillway. It is our position the Corps has the flexibility in the law and in their regulations to divert some of the floodwater and thereby, diverting damages away from Mississippi.

These damages include the loss of 95% of our oyster harvest, 55% of our shrimp harvest, and a continuing algae bloom clos-

ing our beaches. Our One Coast will be years in recovering.

Unfortunately, we do not believe this disaster on the Mississippi Gulf Coast is a one-time event. The time for the Corps and Mississippi River Commission to address these issues is now. They have the authority under the law and regulations to act. We are asking the Corps to mitigate the damages to Mississippi by simultaneously opening these spillways during future flood events.

As the State Land Commissioner, I intend to protect Mississippi's land, water, and resources. I have done so in the past, and I will continue to fight for solutions now and in the future.

Kiln native joins Supreme Court staff

SEA COAST ECHO

Brittney S. Eakins, a native of Kiln, joined the staff of Supreme Court Justice David Ishee on Aug. 5. Eakins works as a judicial law clerk.

Eakins previously worked as a law student intern for Ishee in summer 2017 while Ishee was a judge of the Court of Appeals. She also previously worked as a law clerk for the firm of McHard, Anderson & Associates in Hattiesburg, and as an undergraduate, she worked at the firm of Williams, Williams and Montgomery in Poplarville.

Eakins earned a Bachelor of Arts degree in political science from the University of Southern Mississippi. She graduated from the University of Mississippi School of Law in May. She currently lives in Flowood.

College Board Rural Educator of the Year

SEA COAST ECHO

Hancock High School is proud to announce that Amanda Lovelace Pidgeon has been named Mississippi's College Board Rural Educator of the Year. This award is presented by National Rural Educators of America through a generous endowment from the College Board as part of their expanding commitment to rural students

nationwide. This award is meant to recognize educators who have continuous and directed efforts to create educational excellence and achievements in the rural school districts in which they work.

Pidgeon graduated from Hancock High School in 2002, and after earning her degree in Secondary English Education from Southern Miss in 2006, she returned to Hancock where she has been teaching high school English for 12

years. Pidgeon earned her Master's in English from Southern New Hampshire University in 2017. In her tenure at Hancock High, Pidgeon has taught English I, II, III, and IV as well as Dual Credit English Composition through Pearl River Community College and Advanced Placement Literature and Language. She also sponsors Hancock High School Beta Club and

new Digital Opportunity Data Collection program, which will incorporate feedback directly from the public.

As Internet services reach more rural Americans, it is vital that this country remain on the cutting edge of new technologies. That means winning the race to 5G – the next generation of broadband. This will open up new opportunities, create millions of jobs and trillions of dollars in economic growth, and allow for new uses of Internet services. For example, autonomous vehicles will

soon move goods and people, saving time, money, and potentially thousands of lives as car crashes caused by human errors are taken out of the equation.

The Next Moonshot

The Ole Miss Tech Summit was not only about the leaders on stage. It was also about the students who just started classes and the young people across our state who will benefit from, use, and create their own new technologies. Some of these students presented during the summit, and it was encouraging to hear their ideas and their optimism.

The Apollo Program inspired my generation to think big and to be limited only by the power of our imaginations. Future generations have the same pioneering spirit, and I am working in Congress to

ensure that they have the tools needed to make their moonshots.

Paris

• Continued from Pg. 4A

American architect I.M. Pei.

We also visited the Musée d'Orsay, a repurposed train station that houses France's premier collection of impressionist art, with works of art by Monet, Manet, Matisse, Gauguin and countless others. The Rodin Museum, dedicated to the works of Auguste Rodin, sculptor of famous sculpture such as Le Penseur, or The Thinker, The Kiss and the Gates of Hell, was equally exhilarating and fascinating. We of course visited other landmarks such as L'Arc de Triomphe, Avenue des Champs-Élysées and La Tour Eiffel. We even had a family picnic on the Champ de Mars beneath the shadow of the tower.

There were so many other sights we saw on our

trip, but I'm afraid, once more, I am running out of room. I enjoyed very much going back in my memory to share these events with you, and I hope I have inspired you to pack your bags and explore the world yourselves one day — or at least encouraged you to learn more about other places and peoples. I have had the fortune to return to visit more parts of France and take a tour of China. In the future, I hope to visit Japan, but that's another story in the making. If you have the opportunity to see the world, take it! There's nothing like seeing how other people in our wonderful world live to teach you something about yourself and help you bring something back to your own culture. Thank for helping me relive this experience. I hope you continue to enjoy reading the Sea Coast Echo!

Nathan is the web technician/press assistant at the Sea Coast Echo. He can be reached at nathan@sea-coastecho.com.

NOTICE OF PUBLIC HEARING ON THE PROPOSED BUDGET AND PROPOSED TAX LEVIES FOR THE UPCOMING FISCAL YEAR FOR THE CITY OF BAY ST. LOUIS

The City of Bay St. Louis will hold a public hearing on its proposed budget and proposed tax levies for FYE 2020 on Sept. 3, 2019 at 5:30 p.m. at the Council Chambers, 598 Main Street, Bay St. Louis, MS 39520.

The City of Bay St. Louis is now operating with projected total budget revenue of \$18,439,344. 20.42 percent or \$3,765,599 of such revenue is obtained through ad valorem taxes. For the next fiscal year, the proposed budget has a total projected revenue of \$20,301,054. Of that amount, 18.77 percent or \$3,811,483 is proposed to be financed through a total ad valorem tax levy.

The decision to not increase the ad valorem tax millage rate for FYE 2020 above the current year's ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for FYE 2020.

Any citizen of the City of Bay St. Louis is invited to attend this public hearing on the proposed budget and tax levies for fiscal year FYE 2020 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before any vote is taken.

Obituaries

**ROBERT DRACKETT
MILDRED "NAN" HELEN WEBBER**

ROBERT DRACKETT

Funeral services for Robert Drackett will be 2 p.m., Saturday August 31, at Saint Joseph Abbey in Covington Louisiana.

MILDRED "NAN" HELEN WEBBER

Mildred "Nan" Helen Webber, 76, of Bay St. Louis, MS passed away Thursday, August 29, 2019 in Bay St. Louis, MS. Nan exuded a passion for gardening, playing bingo & poker keno! Her joyous spirit was so often accompanied by love and excitement in decorating for the many holidays throughout the year! Special occasion or a just a day in the life, Nan had a love for capturing photos of her family to cherish as keepsakes for all the years to come. Through her final years with us, shopping trips to Wal Mart with her most precious Raygen became routine, and her eagerness to share "Nan's Love" with Reid and Delta was absolutely transparent. She was preceded in death by her grandchild, Raegan Necaise; parents, Albert Morales, Sr. and Elvera Madere Morales; brother, Albert Morales and three sisters, Joyce Landry, Mary Parker and Alice Wahl. She is survived by her son, Thomas Webber (Nancy) of N.C.; daughter, Kim Necaise (Raymond) of Bay St. Louis; sister, Diana Pritchard of TN; sister-in-law, Peaches Morales of FL; five grandchildren,

Heather (Trent), Emily (Cody), Marlee, Kamby and Marti; six great-grandchildren, Raygen, Reid, Delta, Maddie, Liam and Sadie and numerous nieces and nephews. On behalf of Nan, the family would like to offer our most genuine thanks to Patsy Williams, Mandy & Cassie Williams and the patient care staff with Canon Hospice for providing their time, love, and such gracious care in "Nan's" final days with us. Our appreciation for each of you is immeasurable. Visitation will be held Sunday, September 1, 2019 at Edmond Fahey Funeral Home from 1:30 p.m. until 3:00 p.m. with a Memorial Service at 3:00 p.m. Reception to follow at Kim & Raymond's: 7065 Magnolia Street, Bay St. Louis. Edmond Fahey Funeral Home in Bay St. Louis is in charge of the arrangements.

Educator

Continued from Pg. 1A

Hancock's National English Honor Society. For her efforts, Pidgeon was Hancock High School's Teacher of the Year in 2008-2009, and she was named HHS STAR Teacher in 2017. She currently serves as Mississippi's State Beta Club Sponsor-Elect, a position she previously

held in 2008. She is a member of the Mississippi Superintendent's Teacher Advisory Council. Pidgeon also serves as Recording Secretary of the Hancock County Junior Auxiliary. Pidgeon lives with her husband, Ryan, and four year old son Jesse in the Diamondhead community. As part of this award, Pidgeon and her family are invited to the National Rural Educators Conference in Kentucky

where the state finalists will be honored for their dedication to their craft.

MDMR hosting photo contest for 2020 calendar

SEA COAST ECHO

The Mississippi Department of Marine Resources is hosting a photo contest, and the winners will be used in the agency's 2020 calendar.

The deadline to submit entries is Thursday, Oct. 24.

Submitted photos should depict an aspect of the marine resources available on the Mississippi Gulf Coast, including recreational and commercial fishing, Coastal Preserves, marine plant and animal life, marsh areas, boating and Mississippi seafood. Since the photos will be used in a high-quality reproduction, submitted images must be a high

resolution JPEG or .jpg file, 3 MB or greater in size, 300 dpi and a horizontal format.

Entries should be digital and emailed to publicaffairs@dmr.ms.gov by Oct. 24, along with the photographer's first and last name, phone number, brief description or title of the photo, where it was taken and photos numbered (if submitting more than one photo).

Photos previously submitted for the agency's calendar are not eligible. For all photos submitted, photographers maintain copyright; however, photographers authorize MDMR to maintain use of all photos submitted in promoting or marketing in any future publications.

Runoff

Continued from Pg. 1A

the votes were tallied Tuesday night. "I've met a lot of wonderful people and I look forward to serving the citizens of Hancock County as their next circuit clerk."

"It's a big job and I think the people of Hancock County elected who they wanted to run the show," outgoing Hancock Circuit Clerk Karen Ladner Ruhr said Tuesday evening. "Kendra has 31 years of experience work-

ing for the circuit clerk's office and I know she'll do a good job."

In perhaps the biggest upset of the night, long-time Justice Court Place 2 Judge J.A. "Jay" Lagasse was unseated by challenger Brian S. Necaise. Necaise earned 1,456 votes in official totals on Tuesday to Lagasse's 1,135.

"I'd like to thank the people of Hancock County for showing confidence in me," Necaise said Tuesday. "I also want to thank Judge Lagasse for his years of service and for running a good, clean campaign. I look forward to re-energizing and get ready for the next election."

Necaise will now face

Independent candidate Teresa Ehrlich in the November general election.

In the Justice Court Judge Place 3 runoff, Eric C. Moran defeated Roger Estopinal 1,128 to 576. Moran will face Libertarian candidate Lynn Smith in November to earn the seat vacated earlier this year by Judge Tommy Carver.

In another closely-contested race on Friday, Coroner Jim Faulk fended off challenger Jeff Hair with 3,900 votes to Hair's 3,621. The lead in that race changed multiple times over the course of the evening as the ballots came in from each new precinct.

In the Constable Place 3 runoff, Paul Taylor prevailed over Albert Biehl 877 to 753. Taylor will square off against Democratic candidate Steven L. Saucier and Independent candidate Guy "Tater" Graham in November.

In the District 95 state representative race, incumbent Rep. Patricia Willis won over Jay McKnight in Hancock County by 1,575 votes to McKnight's 1,237. However, McKnight declared the winner, earning more votes than Willis in the Harrison County portion of the district. McKnight had 2,788 total votes to Willis' 1,913.

In statewide races, Hancock

County voters cast their ballots in line with most of the rest of the state.

In the governor's race, Tate Reeves won over Bill Waller, Jr. in Hancock County by 5,213 to 2,393.

Reeves was declared the Republican winner statewide and will face Democratic candidate Attorney General Jim Hood in the November general election.

In the Attorney General's race, Lynn Fitch won Hancock County over Andy Taggart 4,865 to 2,333, and was declared the statewide Republican nominee.

Election results were certified on Wednesday.

Speak

Continued from Pg. 1A

able to leverage that into additional relief funds."

Rosenberg said the building that houses the hurricane museum was also a recipient of a heritage grant.

The purpose of these annual grants are to fund projects that promote nature or cultural-based history and also brick and mortar restoration projects.

"Katrina has had a lasting impact, as do all storms," Rosenberg said. "It not only affects the environment and buildings, but also has a cultural and historical impact as people continue to operate."

Thursday's guests viewed the stories of nine participants including: Aaron and Sandy Brensike, John "Chappy" Chapman, Dr. Bill Bradford, Waveland Mayor Mike Smith, Chuck Benvenuti, Lili-Stahler-Murphy, Brian Mollere, and Cassandra Favre.

Martin said that one never knows how a production like this will be received.

"It's a very touching video and we felt like we put together a video that spoke to the heart," she said. "After the video ended, the auditorium erupted into applause. Tears ran down my face. I was very pleased with the reception from the community. People I didn't know turned to me and told me how much it touched their lives. There was something in everyone's story that told the whole story of Katrina. I think it's going to be a welcome addition to the museum."

Lili Stahler-Murphy, who was instrumental in the opening of the museum and serves as the board

Photo by Cassandra Favre

Donna Martin, who also sits on the board for the Ground Zero Hurricane Museum, wrote the grant for the museum's new exhibit.

Waveland Mayor Mike Smith places the a wreath at the monument, which depicts the names of those who lost lives during Hurricane Katrina.

president, said many visitors ask about the survivors and want to hear the stories in their own words.

As for her part in the new exhibit, she said that she thinks it's important to present the oral history.

"It wasn't an easy thing

to do for any of us, but we've come through it very well," she said. "We've all come such a long way since then. It's an important piece of our own personal history. We don't think about it or want to think about it all the time. The

whole thing will be very meaningful to the museum."

At the time of Hurricane Katrina, Mayor Mike Smith said, he was serving as the city's assistant fire chief.

Smith recalled walking down Waveland's streets just after the storm and seeing remnants of people's lives "strewn all over the place."

"Knowing the after effects of what Katrina did to people and what it did to me personally, I certainly wanted to participate in this project," Smith said. "I'm really proud they asked me to be a part of it."

The grant funding not only paid for the production of the video, but also will cover the costs for a separate viewing room with space for guests to sit and view the video.

The plan is for the reading room to be converted into the Katrina Room, Martin said. It is expected to be operational by the end of the year, she added.

Viewings of the video will be allowed upon special request until the room is finished, she said.

Waveland's Ground Zero Hurricane Museum, which also operates as a non-profit, is located at 335 Coleman Ave.

The museum is open from 10 a.m. to 3 p.m.

Tuesday through Saturday. There is no admission, but donations are accepted.

Bay Tigers knock the wind out of Tornadoes

BY JOSEPH W. GEX, II
STAFF WRITER

The Bay High Tigers used a strong second half to impose their will on the Purvis Tornadoes at the Joe D. McCullough Stadium on Friday night and record a 28-14 victory. The win moves the Tigers to 2-0 to start the season for the first time since 2012.

Bay High opened the game on defense and quickly forced a punt. They took over on their own 47 yard line. With Noah Cutter and Sam Sheppard taking turns totting the mail, the Tigers methodically moved the ball down to the Purvis two yard line. On the ninth play of the drive, Cutter bowled his way over the goal line top put the Tigers up with 5:36 left in the first quarter. Dawson Kotsakos converted on the PAT to make the score 7-0.

Kade Sherrill ripped off three runs that moved the ball to midfield. Hunter Robinson then connected with Nick Lower on a 36-yard aerial to the Tiger 20 yard line. Two plays later Sherrill scored on a 18-yard scamper with 2:43 left in the opening quarter. Robinson then connected with Eli Barrett on a two-point conversion that gave the Tornadoes a 8-7 lead.

The Tigers were pushing the ball down the field on their ensuing drive until a personal foul penalty halted the drive and forced a punt. On the personal foul, Tiger offensive lineman Chase Necaise was ejected. Cutter pinned the Tornadoes at their own 17 yard line on the punt. Purvis appeared to be moving the ball with ease on a 13-yard gain by Sherrill followed by a 30-yard scamper from Robinson

Photo by Richard Gleber
Sam Sheppard, right, recovers a fumble and returns for a touchdown Friday night in the Bay Tigers 28-14 win over Purvis.

before a false start penalty and huge sack by Cutter forced a Tornadoes' punt.

The Tigers took over on their own 30 yard line. On the third play of the drive, Sam Sheppard ripped off a 62-yard run down to the Purvis 10 yard line. Three plays later, Josh Peters connected with Zach West for a nine-yard scoring aerial with 3:08 left in the half. Kotsakos converted on the PAT giving the Tigers a 14-8 lead.

Following an on-sides kickoff attempt, the Tornadoes took over at midfield. Three straight tackles by Cutter forced a punt by the Tornadoes; however, Robinson hit Barrett on a fake punt for 15 yards and a first down.

Robinson ripped off another 17-yard run before two sacks seemed to slow the Tornadoes down. But, Robinson hit Sherrill who weaved in and out of the Tornadoes defense as time expired for a 45-yard scoring aerial. The two-point

conversion attempt failed leaving the score knotted at halftime.

To open the second half, the two teams swapped possessions. On the Tornadoes' second possession, Purvis had a bad snap that went over the head of the quarterback and Sheppard picked up the loose ball at the seven yard line and returned it for the touchdown with 5:42 left in the third quarter. Kotsakos' PAT was good making the score 21-14.

After the Tiger defense held strong on the Tornadoes' ensuing possession, the Tigers took over at their own 40 yard line. The Tigers displayed power football with Cutter gashing the defense for gains of eight, 15, and 10 yards while West added a two-yard pickup and Peters a six-yard rush. Sheppard carried the final two times for a gain of 10 and nine yards with the latter being a touchdown with 10:35 left in the game. Kotsakos con-

verted on the PAT to make the final score.

Cutter had 15 carries for 78 yards and a touchdown in the game while Sheppard had six carries for 95 yards and a touchdown.

Bay High head coach Eric Collins commented, "Being 2-0 is better than the alternative. We have several guys going both ways so depth is really a concern for us right now as we are building this program. It is imperative that we stay healthy. Our guys are really working hard and I promised them this summer workout and conditioning program would pay off and they are seeing the dividends. I do not think that we played very well in the first half. We were sloppy in execution and we had several penalties that slowed us down. We challenged them at halftime and they responded and imposed their will on the opponent. Coach Turcotte did an excellent job helping

me call plays tonight and Coach Johnson's defense delivered big play after big play. All our assistant coaches were a factor tonight. When you are not used to winning it is easy to hang your head. We challenged them and they did not hang their heads. I am so proud of them for that. We have Forrest County next week. I am not sure what they do on the field

but I know they have a winning heritage and tradition and that means something. We will have to execute our game plan and remain focused for an entire game."

The Tigers travel to Forrest County AHS next Friday evening. The Aggies fell to Pass Christian 38-14 last night. Game time is set for 7pm. See you at the game!

Volleyball Player of the Week

CAMILLE COTTONE

OUR LADY ACADEMY

Camille Cottone, of Our Lady Academy, helped OLA to two wins this last week against Long Beach on Tuesday and the defending Class II state champion Vancleave Lady Bulldogs on Thursday.

Cottone recorded 15 points, 18 digs and five aces against Long Beach. Against Vancleave, Cottone contributed 14 points, 10 kills, 21 digs and four aces.

Pass Pirates down Aggies, 38-14

BY HUNTER DAWKINS
THE GAZEBO GAZETTE

The Pass Christian Pirates broke a tie late in the first quarter against the Forrest County Aggies and never looked back, winning the game 38-14.

Playing a tough, aggressive road team, the Pirates went to a land of uncharted territories and have started the season 2-0.

"Our depth was the key in this victory," said Pass Christian Head Football Coach Blake Pennock. "We withstood the physicality of this tough Forrest County team and capitalized off a few mistakes."

Forrest County came out swinging, scoring a 59-yard touchdown pass on a flea-flicker from scrimmage. After the extra point was converted, the early lead was FCAHS 7-0 with 10:08 left in the first quarter.

Pass Christian answered with a seven-play drive, where the Pirates fullback Bryson Adams dove in from two yards out.

With Pass Kicker Davon Klein converting the first of five extra points for the Pirates, the score was tied 7-7 at 6:39 left in the quar-

The Pirates on Friday defeated Forrest Co. 38-14.

ter. After a turnover of downs by the Aggies, Pass put together a 13-play drive with Klein kicking a 34 yard field goal to put the Pirates up 10-7 at 8:03 left in the half.

Quickly, FCAHS scored on a 59-yard scamper on the third play of the series. Once the extra point was converted at 6:06 left in the half, the score changed with the Aggies leading 14-10.

Fortunately for Pass Christian, the Aggies would not score again as the Pirates scored four unanswered touchdowns.

The first touchdown coming on a nine-yard keeper from Pass Christian Senior Veteran Quarterback Dustin Allison with 4:48 left in the half for a resurgent Pirate lead 17-14.

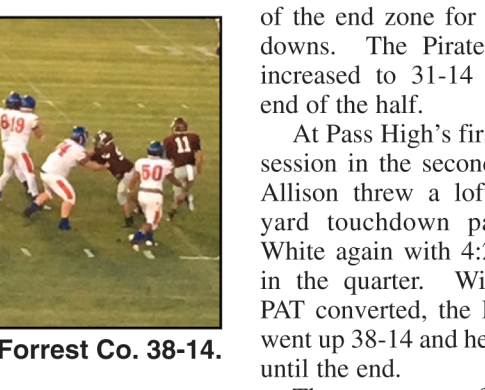

Following a few botched snaps and fumbles,

Allison found Receiver Kameron White and Xavian Page in the back

of the end zone for touchdowns. The Pirates lead increased to 31-14 at the end of the half.

At Pass High's first possession in the second half, Allison threw a lofty 63-yard touchdown pass to White again with 4:28 left in the quarter. With the PAT converted, the Pirates went up 38-14 and held this until the end.

The next game for the Pirates is at 7 p.m. in Purvis on Sept. 6.

Hancock Hawks stun Meridian Wildcats 35-12

BY DWAYNE BREMER
CONTRIBUTING WRITER

The Hancock Hawks made a statement Friday as they stunned the Meridian Wildcats 35-12 at the famed Ray Stadium.

The victory was only the second time the Hawks have won at Meridian.

"This is a great win for our program," Hawks Head Coach Neil Lollar said. "Our kids just played hard tonight. We had a good game plan and our coaches did an outstanding job."

The Hawks took control of the game early and built a 14-0 halftime lead with touchdown runs from Sebastian Fausett and Chris Benard.

The Hawks defense stopped Meridian on all four first half drives, the final one on a sack by Trevor Myers as the first half clock expired.

Photo by Everett Ganier

The Hancock Hawks celebrate a big win Friday over the Meridian Wildcats.

The Wildcats looked to get back into the game in the third quarter when they

scored at the 4:23 mark. The point-after, however, was blocked.

The Hawks quickly responded with a six play drive to extend the lead.

Fausett had a 38-yard run on the drive and quarterback Sema'J Robertson hit Jordan Zulli on a 33-yard touchdown strike on a fourth-down play.

Austin Hyde's point-after gave the Hawks a 21-6 lead early in the fourth quarter.

Meridian then struck quickly on a 76-yard touchdown pass at the 8:04 mark. The point-after failed, making the score 21-12.

If Meridian had any momentum, it was squashed on the ensuing kickoff when Colby McGough returned the kick 70 yards to the 25.

"That was the play of the game," Lollar said. "Colby found a seam and kept going."

On the following play, Fausett busted up the middle for a 25-yard scoring run.

Hyde nailed the point-after to extend the Hawks' lead to 28-12.

Any chance of a comeback by Meridian was thwarted on their next drive when Cameron Ganier sacked the quarterback, forcing a fumble that Myers recovered.

Faucett added a final touchdown with a one-yard run in the final minute.

The Hawks will return home next Friday to take on the Gautier Gators.

Rock-a-chaws top Long Beach 35-19

BY DWAYNE BREMER
CONTRIBUTING WRITER

Two goal-line stands in the first half helped buoy the St. Stanislaus Rock-A-Chaws Friday night to a 35-19 victory over the visiting Long Beach Bearcats.

"It's always a tough game when we play Long Beach," SSC Head Coach Nate Encrapera said. "They scheme for us very well, but we weathered the storm."

The Rocks defense got things going early when Grant Sides intercepted a pass and returned it to mid-field.

A few plays later, Max Favre connected with Lee Negrotto on a seam route that Negrotto took 43 yards for a score.

The point-after made it

7-0 with 5:47 to play in the first quarter.

Long Beach answered with six-yard touchdown run by quarterback Junior Kozowski.

The Bearcats then recovered a Rock fumble at the ten and looked to take the lead.

The drive, however, was thwarted by a sack from Devin Gaspard. The Bearcats missed the ensuing field goal, giving SSC the ball and the momentum.

The Rocks retook the lead midway through the second when Favre connected with Dallas Payne a on 42-yard scoring pass. The point-after made the score 14-7.

Late in the half, Long Beach drove inside the Rock-A-Chaw ten.

With less than a minute

to play in the half, the Bearcats went for it on fourth and-one at the five.

Jaxon Favre sniffed out the play and caused a fumble that Thomas Williams scooped up and returned 70 yards to the 25.

After a short pass to Bradley Darby, Favre looked long for Payne, who made a great catch in the back of the end zone as time ran out in the half. The point-after gave the Rocks a 21-7 lead at the half.

The Rock-A-Chaws kept the momentum rolling to start the third when Davien LeGarde returned the third quarter kickoff 75 yards for a touchdown.

"Those plays before the half and the return were huge for us," Encrapera said. "It changed the whole complexion of the game."

The Bearcats answered

with a seven-play drive that spanned 62 yards for a score. D'Lijah Robinson capped the drive with a 31-yard run.

Late in the third, Payne scored his third touchdown of the game on an eight-yard run.

Payne led the Rocks with nine catches for 147 yards. He added 21 yards rushing.

Defense dominated much of the fourth quarter, which saw Long Beach score a touchdown in the final minute. The point-after failed and the game ended with a score of 35-19.

"We have a big game next week against St. Martin," Encrapera. "We missed a few tackles tonight and made a few mistakes, so we have some things to work on."

OLA wins Coastal Invitational swim meet

The Our Lady Academy Crescents swim team traveled to Biloxi last Saturday and swam away with the team title scoring 229 points to slip past Biloxi with 225 points and Gulfport with 221 points.

The Crescents placed in the top three in nine if the 11 events in the meet.

Audrey Chang placed second in the 200-yard individual medley with a time of 2:27.23 and the 100-yard backstroke in 1:09.33.

Rylie Moore was second in the 200-yard freestyle with a time of 2:08.96 and third in the 100-yard butterfly with a time of 1:11.62.

Grace Bradford took third in the 100-yard breaststroke with a time of 1:20.75 while Claire Escher placed second in the 50-yard freestyle in 29.20.

The Crescents' 200-yard

freestyle relay team of Escher, Chang, Lily Yanez and Caroline Maillho won the event in 1:55.41.

OLA's 400-yard freestyle relay team of Moore, Bradford, Yanez and Chang placed second in 4:15.10.

The Crescents' 200-yard medley relay team of Maillho, Moore, Alyssa Talbot, and Ella Taylor placed third with a time of 2:08.94.

The Lady Hawks did not score in the meet but their highest finisher was Layla Bendziowicz who placed 12th in the 200-yard freestyle.

In the boys division, Hancock placed fifth with

Inspiring Hope: Local senior paints a picture of hope for families

STORY AND PHOTOS
BY CASSANDRA FAVRE
STAFF WRITER

When Joyce Cooper of Diamondhead heard about the Hancock County Youth Court's project, Halls of Hope, she said she knew it was a "wonderful idea."

This year, Hancock County Judge Trent Favre, in collaboration with CASA of Hancock County, established the program to "enhance the courtroom aesthetic utilizing the talents of our very own artists in Hancock County."

Each volunteer artist was supplied with a canvas and asked to create a work of art utilizing the word "hope."

As of now, about 25 messages of hope line the walls of the youth court building.

Cooper said she has been an avid painter since the 1980s and continues pursuing her passion at the Hancock County Senior Citizens Center on Bookter Street in Bay St. Louis.

She said she found out from center director Arlene Johnson about the project, and thus far, is the only senior from the center to participate in Halls of Hope.

"It took a little time to think about it," she said. "Hope kept running through my

mind. Then the idea of the Statue of Liberty came to me. That is a symbol of hope for people from far away places."

She said she spoke about it with her sons, who agreed that it was a good idea.

Cooper's painting also depicts the American flag, bald eagles, and doves of hope.

She also painted a lighthouse with the light shining out to the sea.

"I loved doing it," Cooper said. "It gave me a good feeling. It will give them hope that they can get past this."

Favre said that the goal of the project was to "enhance the courtroom aesthetic to make children and parents feel more welcome in the courtroom."

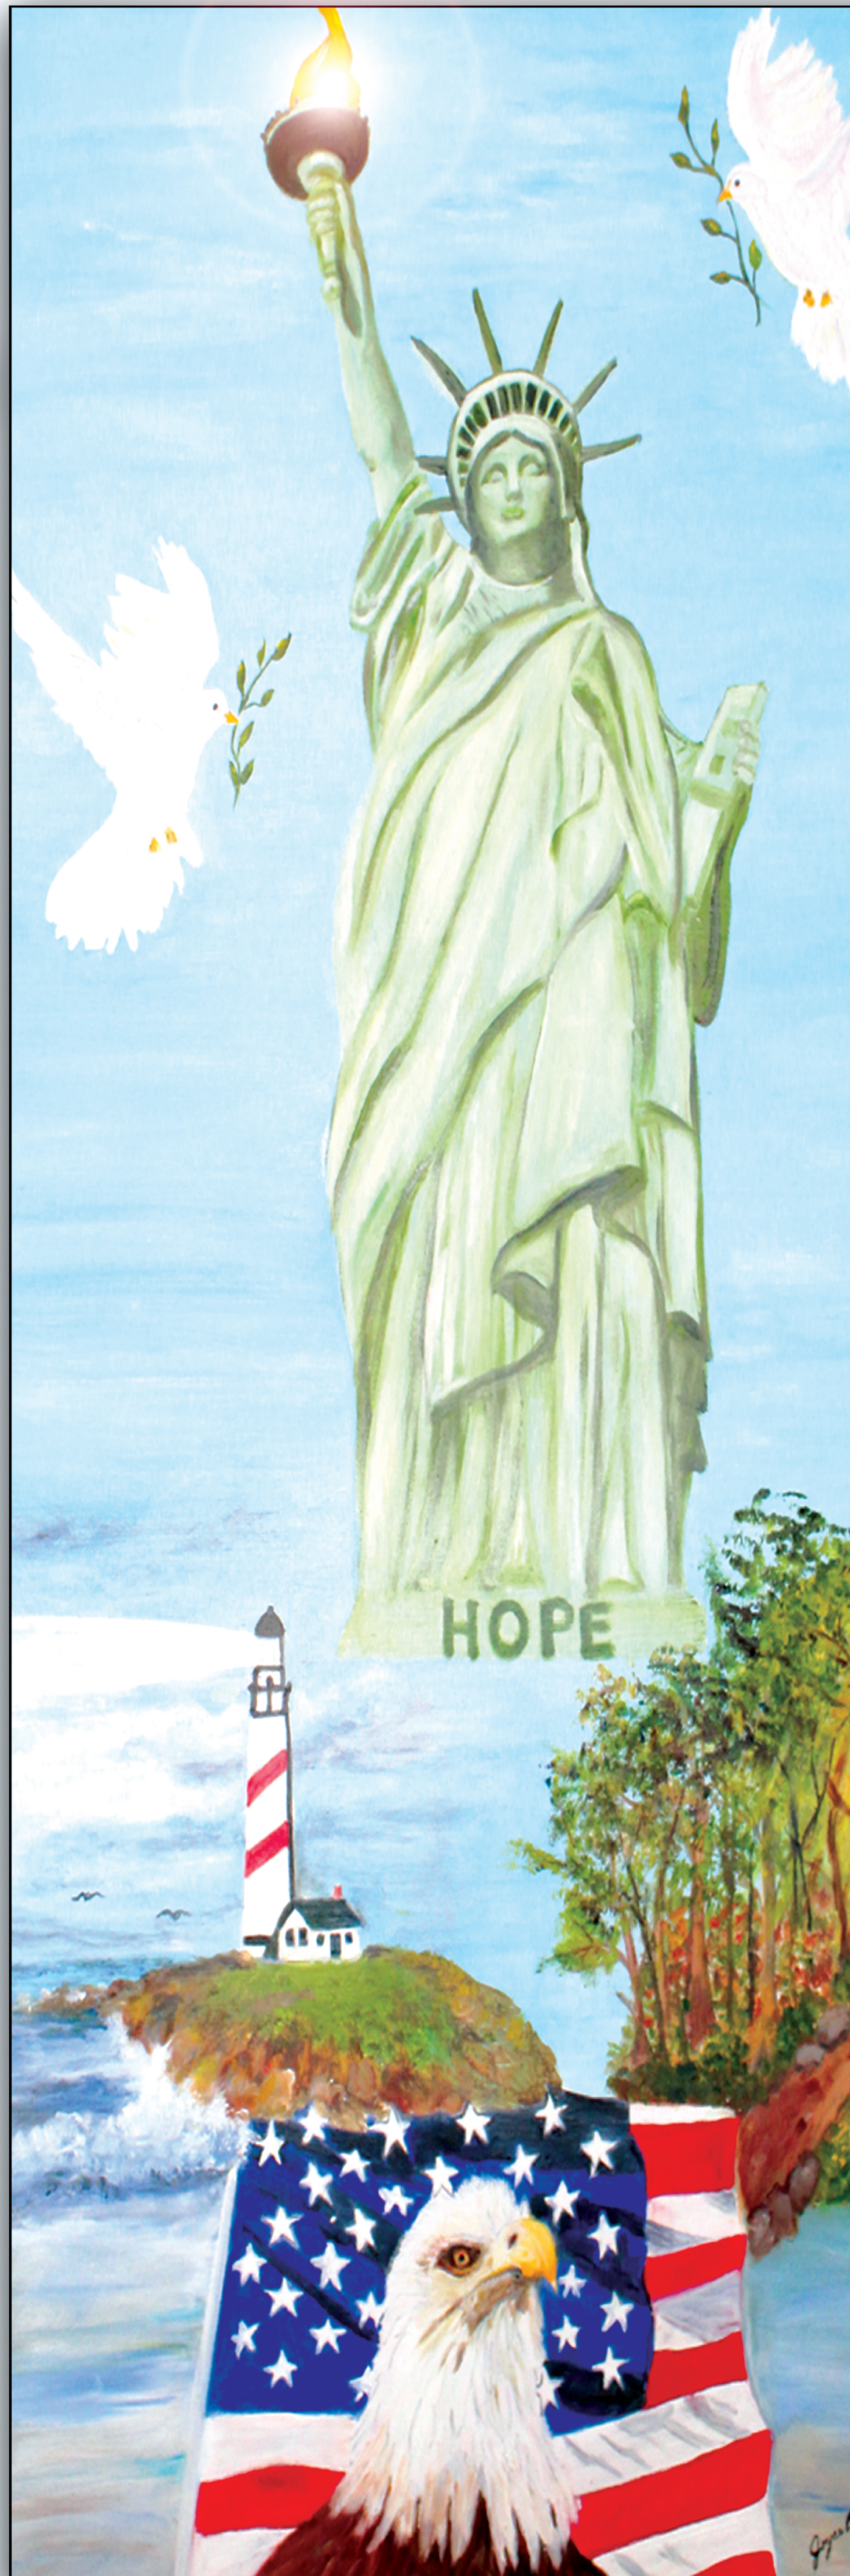

"We are working very hard to establish a trauma-informed court which focuses on restoring lives and families," he said. "The artwork communicates a message of hope to all who enter."

Favre said he is open to more artist participation, but is in need of more donated panels.

Learn more about Halls of Hope by contacting youth court staff at 228-467-7945. For more information about programs at the senior center, which is located at 601 Bookter St. in Bay St. Louis, contact staff at 228-467-9292.

Joyce Cooper continues her passion for art in the art room at the Hancock County Senior Citizens Center in Bay St. Louis.

Joyce Cooper's submission for the Halls of Hope project. Her artwork hangs in the Hancock County Youth Court building.

BWYC sailors are Viper 640 World Champions

BY JAMES KEATING MD
CONTRIBUTING WRITER

The sailing team from the Bay Waveland Yacht Club (BWYC) consisting of helmsman Marcus Eagan, tactician Andrew Eagan, and crew Jackson Benvenuti won first place in the one design Goslings 2019 Viper 640 World Championship and the Viper 640 North Americans with their sailboat, Cajun Underwriting. The event was hosted

by the Alamitos Bay Yacht Club in Long Beach, CA. Forty one competitors entered the regatta from Canada, USA, Australia, Great Britain, and the Republic of South Africa. Team Eagan had race finishes of: 5-1-(7.0)-7-3-4-7-1-1-1-2 totaling 33 points. It was a commanding performance, and it wasn't even really close at the end. BWYC had all twelve finishes in the top ten, five first finishes. No other team won first place in a single race more

than once. Second place from Annapolis Yacht Club had a total of 44 points. Eagan did not have to sail in the final race because they were so far ahead of the rest of the fleet. The Viper 640 is a sleek, fast 21' 10" sport sailboat with a new, bold, simple design that provides incomparable performance in light air or chop. The design includes a low, narrow bow, a pronounced midsection flare, and a powerful sail plan with an oversize spinnaker.

The Eagan team can manage the Viper 640 sailing platform more efficiently than any other team on earth. Much like flying a kite, this most efficient trimming of the sails gives BWYC maximum aerodynamic power which equates to more power/speed than the other sailboats. Jackson Benvenuti commented, "We sail in conditions like this all the time on Lake Pontchartrain - light air and choppy. We focused on getting a good lane off the start so we could put

our bow down and go, while remaining as still as possible in the light air." Eagan said " we sailed conservatively, starting mid line, and worked on our fleet management." There are no better

mariners in the world than American sailors. Our seaside hamlet of Bay Saint Louis which has been a fishing village for three hundred years is a great place to learn how to sail.

ADVERTISEMENT OF PUBLIC HEARING/NO TAX INCREASE: “NOTICE OF A PUBLIC HEARING ON THE PROPOSED BUDGET AND PROPOSED TAX LEVIES FOR THE UPCOMING FISCAL YEAR FOR THE CITY OF WAVELAND

The City of Waveland will hold a public hearing on its proposed budget and proposed tax levies for fiscal year ending September 30, 2020 on Wednesday September 3, 2019 at 6 p.m., Waveland City Hall Board Room 301 Coleman Avenue, Waveland MS.

The City of Waveland is now operating with project total budget revenue of \$21,529,181 (11.46 percent) or \$2,466,206 of such revenue is obtained through ad valorem taxes. For the next fiscal year, the proposed budget has total projected revenue of \$12,156,761 of that amount, (21.20 percent) or \$2,577,692 is proposed to be financed through a total ad valorem tax levy. The decision to not increase the ad valorem tax millage rate for fiscal year ending September 30, 2020 above the current fiscal year's ad valorem tax millage rate means you will not pay more in ad valorem taxes on your home, automobile tag, utilities, business fixtures and equipment and rental real property, unless the assessed value of your property has increased for fiscal 2020.

Any citizen of the City of Waveland is invited to attend this public hearing on the proposed budget and tax levies for fiscal year ending September 30, 2020 and will be allowed to speak for a reasonable amount of time and offer tangible evidence before vote is taken.

Honey: A Sweet Gift from the Bees

BY LINDA BIGLER
CONTRIBUTING
WRITER

Honey is a sweetener which has been in use for thousands of years.

While it has little nutritional value, it does have several health benefits. Since honey is so dense it seals out air borne bacteria; it can be used on burns and cuts to prevent infection. When nursing a cold, one or two teaspoons of honey stirred into hot tea along with some lemon juice can assist in soothing a sore throat. In addition, local honey is helpful to combat allergies in some people. Local honey can be purchased at many farmers' markets in the area. Honey should not be given to children under one year of age because it could contain a bacterium which is harmful to infants.

Honey, when stored properly, has an exceptionally long shelf life. When

storing honey, be sure to cover it tightly to prevent moisture from getting into the container. Excessive moisture could cause your honey to go bad. If honey has crystallized, it is still safe to use; place it into the microwave for a few seconds until the crystals begin to melt. Be sure not to microwave it in a plastic container.

Keep in mind that in spite of its many benefits and uses, honey is still considered a form of sugar.

Honey butter is easy to make and just takes a few minutes to whip into a delicious spread for rolls, biscuits, or pancakes.

HONEY BUTTER

2 sticks (8 ounces) butter, softened

4 tablespoons honey

1 tablespoon finely grated orange or lemon zest

One half teaspoon cinnamon, optional

Place all ingredients in a small bowl and beat with an electric mixture until smooth and all ingredients

are well combined. Place in a container, cover and refrigerate until ready to use.

Makes about 1 cup

FRUIT SALAD

1 large pineapple, peeled, cored and cut into chunks

2 cups strawberries, washed, dried and sliced

2 oranges, peeled and cut into sections

4 kiwis, peeled and sliced

One half cup orange juice

One fourth cup honey

1 tablespoon lemon juice

One half cup chopped, toasted pecans

Combine prepared fruit in a large bowl. Whisk together the orange juice, honey, and lemon juice. Pour over the fruit, lightly toss. Cover and chill well. Sprinkle pecans over the salad before serving.

Serves 4 to 6

When cooking pork, be careful not to overcook it or you will end up with a

hockey puck. Today's pork can be cooked to a much lower temperature because pork produced in the United States is no longer in danger of containing trichinosis.

HONEYED PORK LOIN

1 (about 3 pounds) boneless pork loin

2 cloves garlic, thinly sliced

One fourth cup honey

2 tablespoons Dijon mustard

1 teaspoon salt

1 teaspoon crushed black pepper

One fourth teaspoon cayenne pepper

Preheat oven to 325 degrees. Cut small slits into the pork and stuff with the garlic slices. Place the pork, fat side up, in a roasting pan lined with foil. Combine the remaining ingredients and brush half the mixture over the pork. Bake for one hour, brush with the remaining honey mixture and bake for an additional 25 minutes or

until a meat thermometer reads 145 degrees. Remove from oven and cover lightly with foil for about 10 minutes.

Server 6

The final recipe is for banana bread made with the star ingredient. When measuring thick, sticky ingredients like honey, either use one of those plunger measuring devices or spray your measuring cup with a non-stick spray.

HONEY BANANA BREAD

One half cup butter (1 stick), softened

Three fourths cups honey

2 eggs

1 cup mashed bananas

1 teaspoon vanilla extract

2 cups all-purpose flour

1 teaspoon baking soda

1 cup chocolate chips

1 cup chopped, toasted pecans

Preheat oven to 350 degrees. Place butter in a medium sized mixing bowl, add honey and beat

at medium speed until well combined. Add eggs, one at a time, and beat well after each addition. Stir in bananas and vanilla. Combine flour and baking soda and stir into batter until just combined. Fold in pecans and chocolate chips.

Grease a 9x5x3 inch loaf pan, line the bottom with parchment paper. Spoon batter into the prepared pan, smooth the top, and bake for about 50 minutes or until it tests done with a toothpick. If the loaf begins to brown too quickly, shield the sides with foil. Remove from oven, allow to cool about 10 minutes before removing from pan. Place on a cooling rack.

Makes 1 loaf

However you like your honey, be sure to thank the bees for the sweet treat.

The Community CALENDAR

AUGUST 31

• Louie's Final Haircut for the Muscular Dystrophy Association is scheduled for Aug. 31 at C&R's Bar and Grill, located at 312 Coleman Ave., Waveland from 11 a.m. to 4 p.m. Louis will complete his 40th haircut and fundraiser for MDA. \$10 BBQ plates, auction and raffle.

• A benefit for 19 month old Makenna Saucier is scheduled for today at Dedeaux Ball Field. On Aug. 4 Makenna began having seizures causing her to be rushed to the ER. She has undergone extensive testing to hopefully find answers. With the uncertainty of Makenna's diagnosis and her being hospitalized, her parents, Chelsea and Wayne, are unable to work and not sure when they will be able to return. The benefit features a one pitch softball tournament with an entry fee of \$125. A high nine tournament with an entry fee of \$20 per team. A silent auction will be held. Concessions will be available. For donations and entry contact: Eric and Chastity Peterson at 228-216-2359, 228-216-0259; Cory and Jennifer Head at 228-216-2887, 228-669-4539; or Shaynon Shaw at 228-234-8277. For silent auction, contact Shana Malley at 228-493-9791.

SEPTEMBER 3

• WW — formerly known as Weight Watchers — will meet Tuesdays at the Hancock County Resource Center, located at 454 Hwy. 90, Waveland, led by Wellness Coach Anne Hale and team. Weigh-in (wellness check-in) at 5 p.m. and the Workshop begins at 5:30 p.m. Invite a friend.

• Mississippi Arts Colony is guided by a collective of artists. "Colony" is an invitation-only community providing arts learning experiences for adult artists. With bi-annual workshops hosted on the beautiful, rustic grounds of Camp Henry S. Jacobs in Utica, MS, the Mississippi Art Colony has become a sentimental second home for many of Mississippi's most talented artists. Every session, the Mississippi Art Colony asks the guest artist to select a show that will travel the state, representing the artists who attend. This show was selected by guest artist, Holly Roberts. Exhibit on View at the Gail Keenan Art Center: Now through September 17, 2019 Closing Reception: Friday, September 13,

2019, from 5:30 to 7:30 PM Free and Open to the Public. Contact Anna Harris at aharris@myces.org for more information.

SEPTEMBER 7

• The Step Brothers take to the historic stage of the 100 Men Hall for a Back-To-School Happy Hour on Saturday, September 7 from 6 to 9 p.m. Summer-weary parents are invited to come for an evening of convivial music and cocktails. No cover charge; cash bar; food for purchase from The Smoking Oyster. There is so much out there already about how to get kids ready for back to school, but not much to celebrate the glory days for parents when school is back in session. Come to the 100 Men Hall for a happy hour filled with spirits and song and gratitude. Food by Chef Chris Hayes of The Smoking Oyster. Chef Chris is a Food Network star. After obtaining his culinary degree, Chef Chris worked at various restaurants and casinos, before relocating to New Orleans. Earlier this year, Chef Chris was named the winning contestant on Food Network's Cooks vs Cons. His recipes are featured in Louisiana Cooking Magazine and Road Tours Magazine. More info - call Rachel at 415.336.9543 or email 100MenHall@gmail.com.

SEPTEMBER 10

• The Hancock/Harrison County Forestry & Wildlife Association will host a meeting on the new pellet plant coming to George county. The meeting will be held on September 10, 2019 at the Lyman Community Center located at 13742 Hwy 49 N in Gulfport. Enviva, Inc., headquartered in Bethesda, MD, will build what will be the largest pellet plant in the world in Lucedale, producing 1.4 million oven dry tons of pellets when at full capacity. To provide details on Enviva's plans for the pellet mill, Mr. Rick Frederick, Community Relations Manager for Enviva's Gulf Coast region, will give a presentation on this exciting new opportunity for the forestry industry. Registration begins at 5:30, followed by dinner and the program. Dinner is free for CFWA members, and \$10 for non-members. Preregistration is required by calling the Harrison County Extension Office at (228) 865-4227 or emailing Tim Ray at tim.ray@msstate.edu. This

topic is important to our members and others across Mississippi, so please feel free to share details of this program with others that might be interested.

• St. Thomas Episcopal Church would like to invite anyone who has suffered the loss of a loved one to a six week Grief Support Group. The six week program will begin on Tuesday, September 10, 2019. If you or someone you care about has been dealing with the emotional pain due to the loss of a spouse or any other dearly beloved person in your life, you are invited to participate. This will be a structured program which includes some educational information on how to understand our overwhelming feelings of loss, and also coping skills to better deal with them. It will also provide a safe and caring support group and an opportunity to share our own personal memories and issues. The Grief Support Group will last for six weeks and be held at St Thomas Church at 5303 Diamondhead Circle, across from the Diamondhead Community Center. The meetings will start at 6:30 P.M. on September 10. If you have any questions or wish to sign up please call Estelle at 228-234-2651, Cornelia at 228-363-2211, or St. Thomas Church at 255-9213.

SEPTEMBER 12

• The Hancock County Chamber of Commerce is hosting the 2019 State of the County Address with the Hancock County Board of Supervisors at 8 a.m. at the Hollywood Casino.

• The Bay-Waveland Garden Club will kick off their 2019-2020, official Garden Club Year on Thursday, September 12, at the Old Town Presbyterian Church on Ulman Avenue in Bay St. Louis. A Coffee Social begins at 9:30 am after which the meeting begins at 10 a.m. The Agenda for September's meeting will be a discussion of speakers scheduled for the year and projects such as the Annual Christmas Flower Show, Spring Pilgrimage Home Tour for 2020, and Arbor Day. The Bay-Waveland Garden Club meets on the second Thursday of each month at 10:00am from September through May. All meetings are open to the public and guests are always welcome.

SEPTEMBER 14

• The 4th Annual

Mermaids Arts and Crafts Show will be held on the shady grounds of the Historic Train Depot, 1928 Depot Way, in beautiful Bay Saint Louis, MS on Saturday and Sunday, Sept. 14 and 15. The Arts and Craft show features handmade goods such as jewelry, ceramics and woodwork from artists from all over the South. Also featuring an Art Contest with cash prizes of 1st \$300 and 2nd \$200. Show times are from 9 a.m. until 5 p.m. on Saturday and 10 a.m. until 4 p.m. on Sunday. The location provides easy access to downtown shopping, restaurants, campgrounds, hotels and casinos in one of Southern Living Magazine's "Top 50 Places to be in the South." For more information on the event, and art contest email us at info@thekreweofnereids.com or visit www.thekreweofnereids.com or thekreweofnereids.wixsite.com/mermaidmarketplace. Vendor forms and information are available on the websites.

• The 8th annual Diamondhead Hummingbird Festival is scheduled for Sept. 14 from 8 a.m. to 4 p.m. Hummingbird banding, vendors, displays, speakers, presentations, and live entertainment. Requested donation for admission: \$5/person. Maximum \$15/family. Location 2356 Airport Dr., Diamondhead. Contact us: 228-255-1986, 228-342-0349, or 601-590-5222. Proceeds to be donated to Master's Call Ministries International to feed orphans and hungry children children and St. Vincent and South Asia. For more information, please visit our website at www.masterscallmc.com/hummingbird-fest or looks us up on Facebook - Diamondhead Hummingbird Festival.

SEPTEMBER 18

• St. Clare Catholic Church will host its annual Senior Health and Wellness Fair on Wednesday, September 18, 2019 from 10 a.m. to 1 p.m. at 236 S. Beach Blvd. in Waveland. Please save the date and let me know if you will be able to attend. Feel free to invite others who may want to be a vendor. More information will be made available as we get closer to the date.

SEPTEMBER 20

• The Hancock County Fair begins today at 6:30 p.m. at the Hancock County Fairgrounds in Kiln.

September 21

• The 35th annual Diamondhead Arts and Crafts Show is scheduled for Sept. 21 and 22. Vendors needing a applica-

tion can email dhartsandcraftsfair@gmail.com and you will be sent an application or you can call Darlene Averett-Taylor Diamondhead Arts and Crafts Show Coordinator at 504-439-4004.

• Join us for the 2nd Annual 5K MERCY RUN on Saturday morning, September 21! Registration may be completed online at active.com or visit ourladyacademy.com for an application and mail it to Our Lady Academy, Attn: Leigh Chapman, 222 S. Beach Blvd, Bay St. Louis, MS 39520. Checks may be made payable to Our Lady Academy. If you are interested in becoming a sponsor for the Mercy Run event, please contact Leigh Chapman '92 at leigh.chapman@ourladyacademy.com.

Disclaimer: Events featured on the calendar page are printed at no charge and space permitting. Please keep submissions limited to about 100 words or less. Submissions are limited to community, educational, churches and non-profit organizations. Please submit your calendar entries electronically to gbelcher@seacoastecho.com.

The Sea Coast Echo

Busting a Cat's Biting Behavior

DEAR PAW'S CORNER: Our male cat "Buster" is celebrating his third birthday. While he's a good kitty most of the time, he has these moments where he decides to "attack" and take a bite out of my arm or leg. He's not a cuddler, and when being petted he only permits me to pet a few times and then snips at me to signal that's enough. When he attacks, I've tried spraying him with a squirt bottle or distracting him with toys—which works for a few minutes. He is declawed, and I wonder if this is behind his behavior, but I'm not sure what else to do. Any suggestions? —Martha L., via email

DEAR MARTHA: I feel your frustration. Nipping and biting are generally dominance behaviors, and there are a few options for curbing them. If Buster has not been neutered, consider doing so as this can reduce aggression in male cats.

Make sure you're not inadvertently rewarding Buster for his behavior. If you sometimes give him a toy right after he attacks, he remembers that attacking you got him a toy he enjoys —so he'll do it again! Instead, hiss at him or use the squirt bottle. Give him a toy when he interacts less aggressively, such as meowing or tapping you with his paw.

Observe what he does after he nips or attacks. Does he sit, waiting for something? Does he meow and try to lead you somewhere, like his food bowl? Note the times of day that he exhibits these behaviors.

Again, don't reward dominance behaviors. Immediately hiss at nipping or biting. Reward calm behavior. It will take several tries, but create that pattern and Buster eventually will get it.

Send your questions, tips or comments to ask@pawscorner.com.

Walk-ins & drop offs welcomed
appts recommended

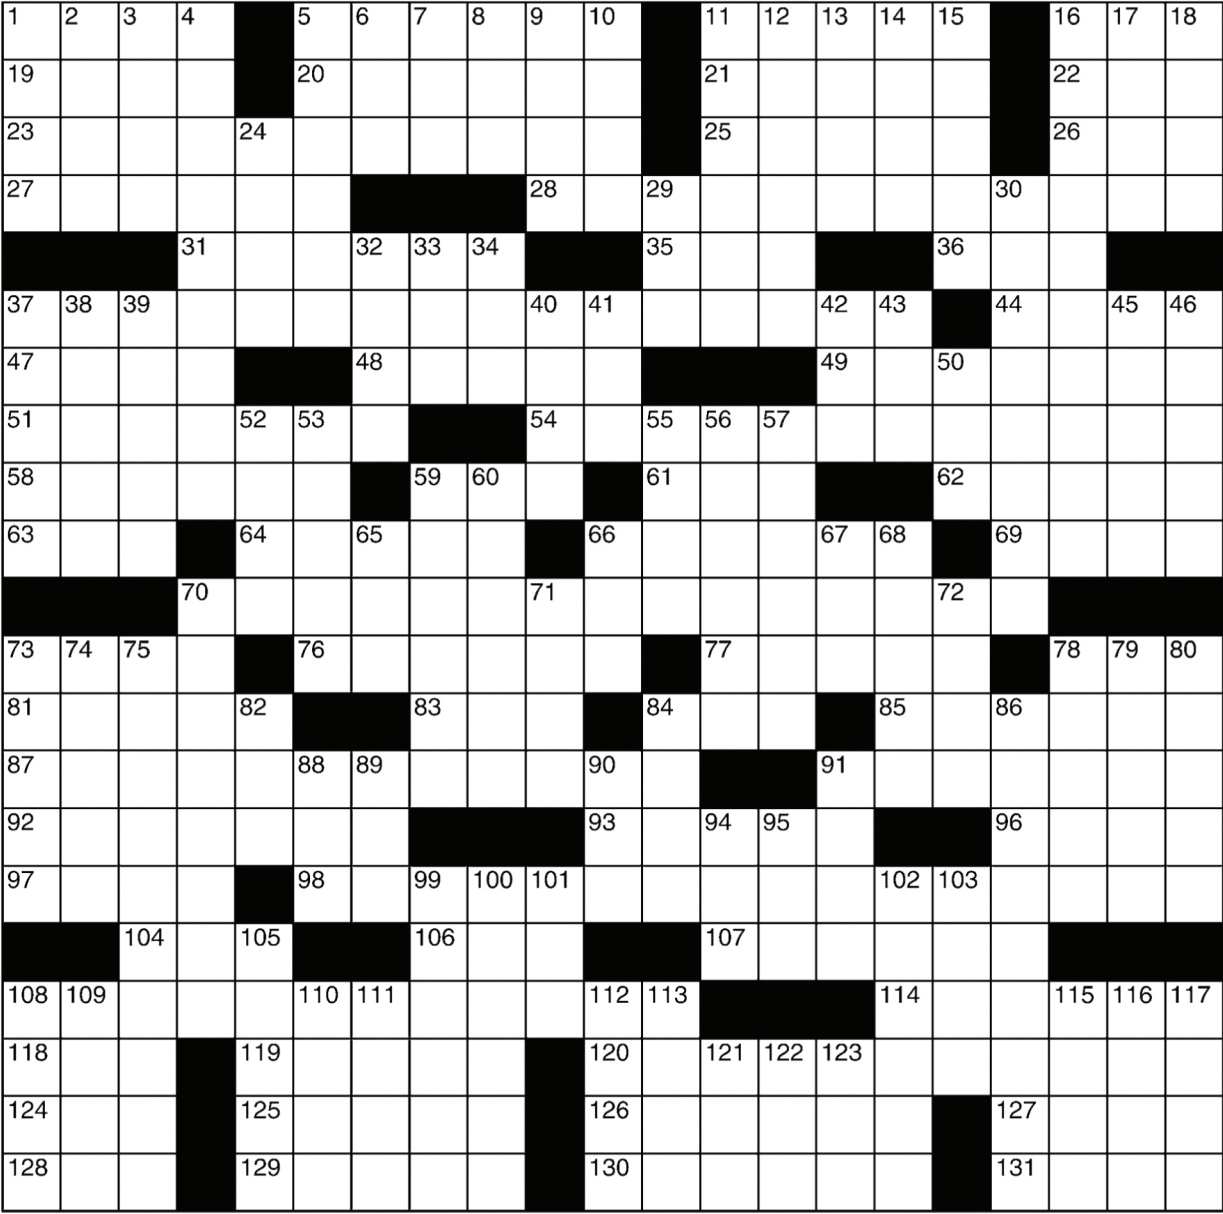

This precious 8 month old Australian Cattle Dog (Blue Heeler) mix puppy is Shawn, and isn't he spectacular? We love his distinctive coloring and markings. This sweet pup craves attention and is clearly wanting to bond with his someone special or a family with children. Shawn is very

much an observer in the activities around him. He is very curious, but he isn't one for jumping in on the action. He is best described as reserved in nature and personality, but extremely loving. If you are seeking a working dog, then Shawn is not recommended. He is destined to be a cherished pet and companion. Blue Heelers are an active, smart, loyal breed, and Shawn is already exhibiting these desirable qualities. He would be an absolute wonderful best buddy and companion for a single person, couple or retirees. And, of course, Shawn would be a trusted family dog. This awesome puppy will require basic training, including house training, but the rewards of sharing one's life with Shawn are definitely worth the effort. We hope you'll come by the Hancock County Animal Shelter, 7175 Texas Flat Rd, Kiln, and meet this handsome boy. You will fall in love. Call the shelter, 228 466 4516 for more information, and visit our Facebook page, Hancock County Animal Shelter, MS, to see more pictures of Shawn and of the many other wonderful, adoptable animals looking for their forever homes.

WORD FUN

Study the two words on each line to find the ONE letter in the left column that is NOT in the word in the right column. Write the extra letter on the blank space. Then read DOWN to answer this riddle:

WHAT SHOULD ASTRONAUTS WEAR TO A FATHER'S DAY DINNER?

ASTERS	___	RATES	___	ASCOTS	___	COAST
PRICED	___	CIDER	___	SATURN	___	RANTS
LLAMAS	___	MALLS	___	GAINER	___	ANGER
PANICS	___	SPAIN	___	RATTLE	___	LATER
ERASER	___	REARS	___	MISTER	___	TIMER

Answer: S T M I S T E R

Junior Whirl by Charles Barry Townsend

FIND THE BIG WORDS!

Using the definitions and anagrams below, you must find the eight eight-letter words that fit into the framework pictured on the left. The letters in the two anagram words for each definition must be unscrambled and used to form the word asked for.

DEFINITIONS:

- Decorative wine bottle.
- Way to calculate distances.
- Purebred dogs have them.
- Windless area of oceans.
- One who goes to extremes.
- The three bears love it.
- Money made from a sale.
- It runs from coast to coast.

ANAGRAMS:

cant + deer
trex + doom
edge + ripe
muds + lord
rode + rove
ergo + drip
cord + seep
dial + roar

Answers: 1. Decanter, 2. Odometry, 3. Pedigree, 4. Dolmans, 5. Overdoer, 6. Porridge, 7. Proceeds, 8. Railroad.

A RHYMING RIDDLE!

"What does a man love more than life?
Hate more than death or mortal strife?
That which contented men desire,
The poor have, the rich require;
The miser spends, the spendthrift saves,
And all men carry to their graves."

THE JOLLY JESTER asks many questions, all of which have the same answer. You have three minutes to solve.

A JUICY PROBLEM! Without cutting them, how would you divide six oranges among six boys and still have one left in the box?

Answer: "Nothing."

Answer: Give one of the boys the box with one orange in it.

SNOWFLAKES by Japheth Light

There are 13 black hexagons in the puzzle. Place the numbers 1 - 6 around each of them. No number can be repeated in any partial hexagon shape along the border of the puzzle.

DEVOTIONAL PAGE

A VIEW OF GOD'S NATURAL BEAUTY

BY GARY ANDREWS

GARY@GADEVOTIONALS.COM

Not long ago my wife and I, along with three other couples, made a trip out west to visit the Grand Canyon. It had been many years since I had seen the canyon and this was the first trip for my wife and some of the others.

It is a breath-taking experience to view this wonder of the world. How anyone could see the beauty and magnificence of this landmark and contradict the existence of the Lord is beyond my understanding. Even though the guide we had tried to explain how this extraordinary and magnificent piece of art came to being, he finally had to admit that this was the work of the Lord even though he gave scientific reasons of why and how the canyon was created through erosion.

He told us it started as a flat piece of land and over the last 500,000 plus years how the wind and water made this giant hole in the earth. He told of the different layers of rock and gave us reasons why and how the evolution of science brought this site into being and what it will look like again in several thousands of years. He also predicted that our future generations will not see what we are seeing today because of the natural erosion of the earth.

As he spoke to us I had to wonder how our life is comparable to the Grand Canyon. How do we allow something made by God to be corrupted and eroded from a miracle that only God can make? Why have we allowed ourselves to get away from God's Word and Creation to find our own resolutions of what happened and when?

I firmly believe that God creates no mistakes. I also firmly believe that we, as God's people, allow Satan to attack us and give in to his temptations. Satan's reasoning for doing things his way erode our lives to the point that we question God, His creation and judgment. Satan provides beautiful pictures of what is around us and how we can flourish if we follow him and it seems that most of the world has given into his reasoning not thinking of the consequences in the end.

If we continue to allow Satan to use us for his purposes and we continually say that God had no part in His creation, then we are doomed for the gates of Hades with no possibility of redemption. Sin erodes our lives and takes us deeper and deeper into sin until we either succumb to the pressures of the earth and mankind or we turn our lives over to Jesus with the promise of an eternal home.

The Grand Canyon is a natural beauty cre-

ated by a loving God for all of His people to enjoy. Yes it was created through erosion and will possibly disappear one day but it will be through God's plan and in His time. Man, as we know him today, will have nothing to do with how long this massive site will be around and can try to explain how science created and will dissolve this natural creation.

It is the same with our soul. Satan will erode your spirit and knowledge of the Lord Jesus as long as you let him. When we take our eyes off of Jesus and let Satan have his way then we are going to struggle with temptation and give in to worldly views.

Don't let Satan control your life. Ask Jesus to come into your life and guide you through time and create the being that He will be satisfied with.

Prayer: Thank you Lord for the natural wonders and beauty of this earth that you created and gave to us for enjoyment. I pray that others will realize that you are in control and not man. Lead me and guide me to do your work and be your witness. Amen.

PUBLIC NOTICE OF APPLICATION FOR COASTAL WETLANDS PERMIT AND WATER QUALITY CERTIFICATION

Hancock County Port and Harbor Commission has filed an application with the Department of Marine Resources requesting permission to conduct regulated activities under the provision of the Coastal Wetlands Protection Act, Title 49, Chapter 27, Mississippi Code of 1972.

The applicant is proposing to make improvements at the Port Bienville Industrial Park within a parcel identified as "Site 4" which is located along the Port Bienville Industrial Canal, Hancock County, MS. Construction proposed includes 850 feet of bulkhead, gravel loading pad, stormwater basins and outfalls, roadways and rail line improvements, a keyhole boat slip (370 feet in length and 290 feet in width), riprap piers, a warehouse, and a bulk fuel storage area. Approximately 1,000 linear feet of riprap will be placed around the perimeter of the keyhole slip. To facilitate construction the applicant is proposing permanent impacts to 6.91 acres of wetlands and temporary impacts to 1.06 acres of wetlands. The applicant is also proposing to excavate approximately 21,030 cubic yards of material and dredge approximately 84,683 cubic yards of material. Excavation and dredging operations will impact 0.14 acres of tidal marsh and 0.14 acres of submerged aquatic vegetation (SAV). The applicant is proposing to mitigate for impacts to emergent and forested wetlands through the purchase of credits from a commercial mitigation bank, and impacts to freshwater marsh and tidal wetlands through permittee-responsible mitigation.

The applicant is requesting a variance from Chapter 8, Section 2, Part III.N.1 of the Mississippi Coastal Program (MCP) and to Miss. Admin. Code Title 22, Part 23, Chapter 8, Section 113.01, 6., and has justified these requests under Chapter 8, Section 2, Part I.E.2.c.iv of the MCP and Miss. Admin. Code Title 22, Part 23, Chapter 8, Section 188.04 by stating the activity requires a waterfront location; there is a significant public benefit in the activity; and a public hearing has been held.

This public notice, project diagrams, and a copy of the full project application may be accessed on MDMR's website at: HYPERLINK "http://dmr.ms.gov/index.php/coastal-resources-management/wetland-permitting" http://dmr.ms.gov/index.php/coastal-resources-management/wetland-permitting. A copy can also be mailed upon request.

In compliance with Section 401 of the Federal Water Pollution Control Act (33 U.S.C. 1251, 1341), as amended by PL 95-217, the applicant will request certification from the Office of Pollution Control that the above mentioned activity will be in compliance with applicable provisions of Section 301 (33 U.S.C. 1311), Section 302 (33 U.S.C. 1312), Section 303 (U.S.C. 1313), Section 306 (U.S.C. 1316), and Section 307 (U.S.C. 1317) of the Act and appropriate requirements of the State Law.

Any person wishing to make comments or objections to the proposed regulated activity must submit those comments in writing to the Department of Marine Resources by mail to 1141 Bayview Avenue, Biloxi, Mississippi 39530; by fax to 228-374-5008; or by email to chris.pickering@dmr.ms.gov before 1:00 p.m. on the day September 4, 2019. 08/17; 08/24; 08/31/19

997 Public Notices

NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN THE 100-YEAR FLOODPLAIN

To: All Interested Agencies, Groups, and Individuals
SUBJECT: Notice of intent to take action within the 100-year floodplain
This document gives notice that the Hancock County Port and Harbor Commission is proposing to conduct activities within the 100-year floodplain, as identified on Flood Insurance Rate Maps (FIRMs) for Hancock County, to facilitate the Stennis International Airport Hangar Facility Completion Project. The purpose of the proposed activity is to provide construction of an airport hangar facility and other associated amenities for the Stennis International Airport Facility Completion Project. The project site is located at Stennis International Airport in Kiln, Hancock County, Mississippi. It is located on the east side of Fred and Al Key Road, south of Texas Flat Road, east of Mississippi Highway 603, and south of the Jourdan River. The Hancock County Port and Harbor Commission is requesting the use of U.S. Department of the Treasury Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies (RESTORE) Act entitlement funding for the referenced project. U.S. Department of the Treasury is obligated to follow requirements set forth by Section 2(a)(4) of Executive Order 11988 for Floodplain Management. This Notice of Proposed Intent is being provided in fulfillment of the aforementioned Executive Order. The Hancock County Port and Harbor Commission has conducted an evaluation as required by Executive Order 11988 to determine the potential effect that its activity in the floodplain will have on the environment. The proposed activity is intended to occur in Kiln, Hancock County, Mississippi, within the 100-year floodplain as determined from Flood Insurance Rate Map (FIRM) Community Panel 28045C00327D (dated October 16, 2009). Activities at that area would have minimal impacts on the floodplain beyond those that currently exist. The proposed hangar facility would be constructed above the base flood level in accordance with the Federal Emergency Management Agency (FEMA) FIRM using solid fill.

In response to the requirement for evaluating alternatives to building/mitigating projects in the floodplain (24 CFR 58.40(e), Ref. 40 CFR 1508.9), the alternatives considered included relocating the proposed activity to an alternate site and no action.

Alternate Site Alternative
Alternative site locations were not practicable because the objective of the project is to provide an additional hangar structure adjacent to the Stennis International Airport Terminal Building, which would be constructed at Stennis International Airport on land owned by the Hancock County Port and Harbor Commission. Stennis International Airport is a military airport in Kiln, Mississippi and serves as a training facility and international connection for military operations. Approximately 0.16% of the total area of Kiln is located within the 100-year floodplain, and all of the waterfront areas are in the 100-year floodplain. The current adjacent hangar (Hangar "A") is no longer adequate for the increasing volume of air traffic accessing the Stennis International Airport. Therefore, the alternate site alternative was rejected.

No Action Alternative
The adoption of the No Action alternative is a decision not to provide a hangar facility and other associated amenities for the Stennis International Airport Hangar Facility Completion project, thereby languishing the growing need for military operations at the airport.

Proposed Action Alternative
The objective of the project is to provide construction of an airport hangar facility and other associated amenities for the Stennis International Airport Hangar Facility Completion Project, which would be constructed at Stennis International Airport on land owned by the Hancock County Port and Harbor Commission. This notice is being submitted to the Mississippi Emergency Management Agency, Federal Emergency Management Agency, US Army Corps of Engineers, US Environmental Protection Agency and Mississippi Department of Environmental Quality.

Members of the public are invited to submit comments on the proposed activity. Additional information on the proposed activity is available to the public between the hours of 8:00 am and 5:00 pm, Monday through Friday at the following location:

Bill Cork
Hancock County Port and Harbor Commission
14054 Fred & Al Key Road
Kiln, MS 39556
HYPERLINK "mailto:bcork@hphc.ms" bcork@hphc.ms
Any individual, group, or agency may submit written comments for consideration by the Hancock County Port and Harbor Commission at the above address by September 11, 2019. All comments will be considered prior to funding the proposed activity. 08/28; 08/31; 09/04; 09/07; 09/11/19

IN THE CHANCERY COURT OF HANCOCK COUNTY, MISSISSIPPI

ELLIOTT HOMES, LLC PLAINTIFF VS. JOSEPH G. CALONGNE, JR.; THE STATE OF MISSISSIPPI; DELBERT HOSEMAN, IN HIS CAPACITY AS SECRETARY OF STATE OF MISSISSIPPI; HANCOCK COUNTY, MISSISSIPPI; JOEL SMITH, DISTRICT ATTORNEY FOR HANCOCK COUNTY, MISSISSIPPI; AND ANY AND ALL OTHER PERSONS OR ENTITIES HAVING OR CLAIMING ANY INTEREST IN AND TO THE PROPERTY DESCRIBED IN THIS COMPLAINT IDENTIFIED AS HANCOCK COUNTY, MISSISSIPPI TAX PARCEL NO. 067K-2-36-017.000 DEFENDANTS

CAUSE NO. 19-cv-294-JS
SUMMONS BY PUBLICATION
THE STATE OF MISSISSIPPI
TO: JOSEPH G. CALONGNE, JR., WHOSE POST OFFICE BOX AND ADDRESS ARE UNKNOWN AFTER A DILIGENT SEARCH AND INQUIRY.

You have been made a Defendant in the suit filed in this Court by ELLIOTT HOMES, LLC, seeking to confirm title through forfeited land patent for certain real property located in Hancock County, Mississippi, being more particularly described as: Lot 5, Block 7, Unit 7A, Diamondhead, Phase 2, Diamondhead Subdivision, as per the official plat of said subdivision on file and of record in the office of the Chancery Clerk of Hancock County, Mississippi. The other Defendants in this action are: THE STATE OF MISSISSIPPI; DELBERT HOSEMAN, IN HIS CAPACITY AS SECRETARY OF STATE OF MISSISSIPPI; HANCOCK COUNTY, MISSISSIPPI; JOEL SMITH, DISTRICT ATTORNEY FOR HANCOCK COUNTY, MISSISSIPPI AND ANY AND ALL OTHER PERSONS OR ENTITIES HAVING OR CLAIMING ANY INTEREST IN AND TO THE PROPERTY DESCRIBED IN THIS COMPLAINT IDENTIFIED AS HANCOCK COUNTY, MISSISSIPPI TAX PARCEL NO. 067K-2-36-017.000

You are required to mail or hand deliver a written response to the Complaint to Jordan R. Mathews, Attorney for Plaintiff, whose address is 2355 Pass Road, Biloxi, Mississippi 39531. YOUR RESPONSE MUST BE MAILED OR DELIVERED NOT LATER THAN THIRTY DAYS AFTER THE 24th DAY OF AUGUST, 2019, WHICH IS THE DATE OF THE FIRST PUBLICATION OF THE SUMMONS. IF YOUR RESPONSE IS NOT SO MAILED OR DELIVERED, A JUDGMENT BY DEFAULT WILL BE ENTERED AGAINST YOU FOR THE MONEY OR OTHER RELIEF DEMAND-ED IN THE COMPLAINT.

You must also file the original of your Response with the Clerk of this Court within a reasonable time after said. Issued under my hand and the seal of said Court, this 19th day of August, 2019. (SEAL)

997 Public Notices

NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN THE 100-YEAR FLOODPLAIN

To: All Interested Agencies, Groups, and Individuals
SUBJECT: Notice of intent to take action within the 100-year floodplain
This document gives notice that the Hancock County Port and Harbor Commission is proposing to conduct activities within the 100-year floodplain, as identified on Flood Insurance Rate Maps (FIRMs) for Hancock County, to facilitate the Port Bienville Industrial Park (PBIP) Methanol Facility, Rail Line Extension, and Dock Installation Project. The purpose of the proposed activity is to provide construction of a methanol facility, rail line extension, dock installation, and other associated amenities for PBIP. The project site is located at PBIP in Pearlington, Hancock County, Mississippi. It is located approximately 1.34 miles south-southeast of Chef Menteur Highway (U.S. Highway 90), north of Port and Harbor Drive and west of Road G. The Port Bienville Industrial Canal is adjacent to the north of the project site. The Hancock County Port and Harbor Commission is requesting the use of U.S. Department of the Treasury Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies (RESTORE) Act entitlement funding for the referenced project. U.S. Department of the Treasury is obligated to follow requirements set forth by Section 2(a)(4) of Executive Order 11988 for Floodplain Management. This Notice of Proposed Intent is being provided in fulfillment of the aforementioned Executive Order. The Hancock County Port and Harbor Commission has conducted an evaluation as required by Executive Order 11988 to determine the potential effect that its activity in the floodplain will have on the environment. The proposed activity is intended to occur in Pearlington, Hancock County, Mississippi, within the 100-year floodplain as determined from Flood Insurance Rate Map (FIRM) Community Panels 28045C0402D and 28045C0406D (dated October 16, 2009). Activities at that area would have minimal impacts on the floodplain beyond those that currently exist. The proposed hangar facility would be constructed above the base flood level in accordance with the Federal Emergency Management Agency (FEMA) FIRM using solid fill.

In response to the requirement for evaluating alternatives to building/mitigating projects in the floodplain (24 CFR 58.40(e), Ref. 40 CFR 1508.9), the alternatives considered included relocating the proposed activity to an alternate site and no action.

Alternate Site Alternative
Alternative site locations were not practicable because the objective of the project is to provide a methanol facility, rail line extension, dock installation, and other associated amenities for PBIP, which would be constructed at PBIP on land owned by the Hancock County Port and Harbor Commission. PBIP is an industrial port and product facility in Pearlington, Mississippi and serves as an import/export for various industrial products. Approximately 32% of the total area of Kiln is located within the 100-year floodplain, and all of the waterfront areas are in the 100-year floodplain. The current appropriate sites are currently undeveloped and would have a larger impact to the floodplain and other natural resources. Therefore, the alternate site alternative was rejected.

No Action Alternative
The adoption of the No Action alternative is a decision not to provide a methanol facility, rail line extension, dock installation, and other associated amenities for the referenced project, thereby languishing the growing need for industrial production and export within PBIP and Hancock County.

Proposed Action Alternative
The objective of the project is to provide construction of a methanol facility, rail line extension, dock installation, and other associated amenities for the PBIP Project, which would be constructed at PBIP on land owned by the Hancock County Port and Harbor Commission.

This notice is being submitted to the Mississippi Emergency Management Agency, Federal Emergency Management Agency, US Army Corps of Engineers, US Environmental Protection Agency and Mississippi Department of Environmental Quality. Members of the public are invited to submit comments on the proposed activity. Additional information on the proposed activity is available to the public between the hours of 8:00 am and 5:00 pm, Monday through Friday at the following location:

Bill Cork
Hancock County Port and Harbor Commission
14054 Fred & Al Key Road

Any individual, group, or agency may submit written comments for consideration by the Hancock County Port and Harbor Commission at the above address by September 11, 2019. All comments will be considered prior to funding the proposed activity. 08/28; 08/31; 09/04; 09/07; 09/11/19

IN THE COUNTY COURT OF HANCOCK COUNTY, MISSISSIPPI

YOUTH COURT DIVISION
HANCOCK COUNTY DEPARTMENT OF CHILD PROTECTION SERVICES, BY MARCUS D. DAVENPORT, AND JIMMY LEE MELTON AND DEVIN EARL MELTON, MINORS, BY AND THROUGH THEIR NEXT FRIEND, MARCUS D. DAVENPORT PETITIONERS

VS. JAMIE VIRGINIA CREEL-MELTON AND JIMMY EARL MELTON RESPONDENTS
CIVIL ACTION, FILE NO. CC19-00207
COUNTY COURT SUMMONS

THE STATE OF MISSISSIPPI
TO: Jamie Virginia Creel-Melton, who is not to be found in the State of Mississippi on diligent inquiry and whose post office address is not known to the Petitioners after diligent inquiry made by said Petitioners.

You have been made a Respondent in the suit filed in this Court by the Hancock County Department of Child Protection Services by Marcus D. Davenport, Deputy Director of Permanency, and J.L.M. and D.E.M., minors, seeking to terminate your parental rights as those rights relate to said minors and demanding that the full custody, control and authority to act on behalf of said minors be placed with the Hancock County Department of Child Protection Services. YOU ARE SUMMONED TO APPEAR AND DEFEND AGAINST THE PETITION FILED AGAINST YOU IN THIS ACTION AT 9:00 O'CLOCK A.M. ON THE 11TH DAY OF OCTOBER, 2019 IN THE COURTROOM OF THE HANCOCK COUNTY COURTHOUSE AT 152 MAIN STREET, BAY ST. LOUIS, MISSISSIPPI, AND IN CASE OF YOUR FAILURE TO APPEAR AND DEFEND, A JUDGMENT WILL BE ENTERED AGAINST YOU FOR THE RELIEF DEMANDED IN THE PETITION.

You are not required to file an answer or other pleading, but you may do so if you desire. ISSUED under my hand and seal of said Court, this 14th day of August, 2019. (SEAL)

997 Public Notices

NOTICE AND PUBLIC EXPLANATION OF A PROPOSED ACTIVITY IN THE 100-YEAR FLOODPLAIN

To: All Interested Agencies, Groups, and Individuals
SUBJECT: Notice of intent to take action within the 100-year floodplain
This document gives notice that the Hancock County Port and Harbor Commission is proposing to conduct activities within the 100-year floodplain, as identified on Flood Insurance Rate Maps (FIRMs) for Hancock County, to facilitate the Stennis International Airport Assault Landing Strip. The purpose of the proposed activity is to provide construction of a new assault landing strip adjacent to west of Stennis International Airport's current runway. The project site is located at Stennis International Airport in Kiln, Hancock County, Mississippi. It is located approximately 8 miles north west of the city of Bay St. Louis, lies north of I10, south of Texas Flat Road, and West of Hwy 603.

The Hancock County Port and Harbor Commission is requesting the use of U.S. Housing and Urban Development (HUD) Base Realignment and Closure (BRAC) Program, funded through the Mississippi Development Authority (MDA), to fund construction of an assault landing strip adjacent to west of Stennis International Airport's current runway and other associated amenities for the Stennis International Airport Assault Landing Strip project.

In deciding whether to fund the proposed project, U.S. Department of the Treasury is obligated to follow requirements set forth by Section 2(a)(4) of Executive Order (E.O.) 11988 for Floodplain Management. This Notice of Intent is being provided in fulfillment of E.O. 11988.

The Stennis International Airport Assault Landing Strip site is approximately 195 acres, 83.6 acres all of which are located within the 100-year floodplain (Zone AE) as shown on Flood Insurance Rate Map (FIRM) Community Panels 28045C00239D and 28045C00327D (dated October 16, 2009). Measurements would be taken during construction work to ensure that construction is performed in a manner that minimizes any negative impact to the floodplain.

In response to the requirement for evaluating alternatives to building/mitigating projects in the floodplain (24 CFR 58.40(e), Ref. 40 CFR 1508.9), the alternatives considered included relocating the proposed activity to an alternate site and no action.

Alternate Site Alternative
Alternative site locations were not practicable because the objective of the project is to provide an assault landing strip adjacent to the airport's current runway, which would be constructed at Stennis International Airport on land owned by the Hancock County Port and Harbor Commission. Stennis International Airport is a military airport in Kiln, Mississippi and serves as a training facility and international connection for military operations. Approximately 16% of the total area of Kiln is located within the 100-year floodplain, and all of the waterfront areas are in the 100-year floodplain. Currently there is no assault landing strip at Stennis International Airport, and with increased military training operations at Stennis, an assault landing strip is vital to continue these efforts. Therefore, the alternate site alternative was rejected.

No Action Alternative
The adoption of the No Action alternative is a decision not to provide an assault landing strip and other associated amenities for the Stennis International Airport Assault Landing Strip Project, thereby languishing the growing need for military operations at the airport.

Proposed Action Alternative
The objective of the project is to provide construction of an assault landing strip and other associated amenities for the Stennis International Airport Assault Landing Strip Project, which would be constructed at Stennis International Airport on land owned by the Hancock County Port and Harbor Commission. This notice is being submitted to the Mississippi Emergency Management Agency, Federal Emergency Management Agency, US Army Corps of Engineers, US Environmental Protection Agency and Mississippi Department of Environmental Quality. Members of the public are invited to submit comments on the proposed activity. Additional information on the proposed activity is available to the public between the hours of 8:00 am and 5:00 pm, Monday through Friday at the following location:

Bill Cork

SUBSTITUTED TRUSTEE'S NOTICE OF SALE
WHEREAS, on April 24, 2013, James D. Candebat, an unmarried man, executed a deed of trust to Alan E. South, Trustee for the benefit of Mortgage Electronic Registration Systems, Inc., acting solely as Nominee for Proficio Mortgage Ventures, LLC, its successors and assigns, which deed of trust is recorded in Deed of Trust Book 2013 at Page 10850 and corrected and re-recorded in Book 2014 at Page 1718 in the Office of the Chancery Clerk of the County of Hancock, State of Mississippi; and
WHEREAS, the aforesaid deed of trust was assigned to Finance of America Reverse LLC by instrument dated April 22, 2019, and recorded in the Office of the aforesaid Chancery Clerk in Book 2019 at Page 9093; and
WHEREAS, the aforesaid, Finance of America Reverse LLC, the holder of said deed of trust and the note secured thereby, substituted Underwood Law Firm PLLC, as Trustee therein, as authorized by the terms thereof, by instrument dated June 25, 2019, and recorded in the Office of the aforesaid Chancery Clerk in Book 2019 at Page 15895; and
WHEREAS, default having been made in the terms and conditions of said deed of trust and the entire debt secured thereby, having been declared to be due and payable in accordance with the terms of said deed of trust, and the legal holder of said indebtedness, Finance of America Reverse LLC, having requested the undersigned Substituted Trustee to execute the trust and sell said land and property in accordance with the terms of said deed of trust for the purpose of raising the sums due thereunder, together with attorney's fees, Substituted Trustee's fees and expense of sale;
NOW, THEREFORE, WE, Underwood Law Firm PLLC, Substituted Trustee in said deed of trust, will on the 13th day of September, 2019, offer for sale at public outcry for cash to the highest bidder, and sell within legal hours (being between the hours of 11:00 A.M. and 4:00 P.M.) at the Main front door of the County Courthouse at Bay St. Louis, County of Hancock, State of Mississippi, the following described property situated in the County of Hancock, State of Mississippi, to-wit:
The land described herein is situated in the State of Mississippi, County of Hancock, and is described as follows:
Commencing at a point which is the North-east Corner of the NW 1/4 of SE 1/4, Section 12, Township 7 South, Range 15 West; thence South a distance of 137.5 feet to a point where the East line of said NW 1/4 of SE 1/4 intersects the South right of way line of the Fire Tower Road; thence South 82 degrees 30 minutes West 133 feet along said right of way line to a point which is the Place of Beginning; thence South 290 feet to a point; thence South 82 degrees 32 minutes West 150 feet to a point; thence North 290 feet to a point set on said South right of way line of Fire Tower Road; thence North 82 degrees 30 minutes East 150.00 feet to the Place of Beginning; containing 1 acre, more or less and being part of the NW 1/4 of SE 1/4, Section 12, Township 7 South, Range 15 West, Hancock County, Mississippi.
AND
Commencing at the NE Corner of the NW 1/4 of the SE 1/4 of Section 12, Township 7 South, Range 15 West, Hancock County, Mississippi; thence running South 152 feet, more or less, to the South line of Fire Tower Road; thence running South 76 degrees 51 minutes West along the South line a distance of 33 feet, more or less, to an iron pin in a fence line; thence running South 1 degree 47 minutes West 291 feet along a fence line to an iron pin; thence running South 76 degrees 51 minutes West 100 feet; thence North 1 degree 47 minutes West 291 feet, more or less, along the East line of property now owned by Candebat as described in Deed from Jack Lott to Herbert W. Davidson and wife on May 14, 1917 and recorded in Vol. W-6, Page 494, to the South line of Fire Tower Road; thence running North 76 degrees 51 minutes East 100 feet, more or less, to the Place of Beginning, containing 0.65 acres, more or less, being part of the NW 1/4 of the SE 1/4, Section 12, Township 7 South, Range 15 West, Hancock County, Mississippi.
Being the same property as conveyed to James D. Candebat and Irene L. Candebat, his wife, tenants by the entirety with full rights of survivorship and not as tenants in common by Deed dated November 30, 1978, recorded February 7, 1979, in Book AA30-701 and Unit Claim Deed dated September 26, 1973, recorded November 27, 1973, in Book 21, Page 358. Wherein Irene Ann Candebat, also known as Irene L. Candebat died on December 22, 2008. Whereas title passes to James D. Candebat by Operation of Law.
Parcel number(s): 071 -0-12-020-000
WE WILL CONVEY only such title as is vested in Underwood Law Firm PLLC as Substituted Trustee.
WITNESS OUR SIGNATURE, this the 25th day of July, 2019.
Underwood Law Firm PLLC
